

Publication Permission for Student Photos or Videos

Chillicothe R-II School District has chosen to establish the following guidelines when including photos and information about students in school printed materials and/or on classroom or the district's website.

1. Decisions on publishing student pictures (still or video) and student work are based on signed permission of the student and parent/guardian and supervising staff member's judgement. *(with the exception that student names and photos may be placed in the school yearbook without parent permission)*
2. Use of student names on webpages will be limited to **first name** only unless permission is given by the parent/guardian to use a full name.
3. District webpages **will not** provide any personal student information such as email address, phone number or street address.
4. Photos of crowds, audiences and teams taken at public events (i.e. assemblies, athletics) may include your child in group pictures. Students will not be identified by name without permission.

Any student whose parent/guardian does not want their child's picture taken, shall step out of any group picture that is being taken.

I DO give permission for my child's photo or video clip to be reprinted and/or used in school or related organization's materials, brochures, news releases, newsletters, and classroom or school websites.

I DO NOT give permission for my child's photo or video clip to be reprinted and/or used in school or related organization's materials, brochures, news releases, newsletters, and classroom or school websites. *An exception could be group photos without student names listed.*
